CIVIL ACTION NO. 3:12-cv-30170-MAP

PRIVILEGE LOG

Pursuant to Federal Rule of Civil Procedure 26(b)(5)(A) and Local Rules of The United States District Court for the District of Massachusetts 34.1(e), Defendants, Palmer Water Department, Palmer Fire District No. 1 and Palmer Water District No. 1, William Cole and Charles M. Callahan, III, hereby serve upon counsel for Plaintiff, Lisa Koss, the underlying privilege log of documents, communications, and/or tangible things that are responsive to written discovery requests that Defendant's object to and have been withheld from production on the basis that such information is privileged or subject to protection as material prepared in anticipation of litigation.

Federal Rule of Civil Procedure 26(b)(5)(A) states as follows:

Claiming Privilege or Protecting Trial-Preparation Materials.

¹There is only one employer, not two or three employers, of the plaintiff and the entities listed in the above-referenced caption are not the correct legal names.

(A) *Information Withheld.* When a party withholds information otherwise discoverable by claiming that the information is privileged or subject to protection as trial-preparation material, the party must:

- (i) expressly make the claim; and
- (ii) describe the nature of the documents, communications, or tangible things not produced or disclosed—and do so in a manner that, without revealing information itself privileged or protected, will enable other parties to assess the claim.

Local Rules of the United States District Court for the District of Massachusetts 34.1(e) states as follows:

When a claim of privilege is asserted in objection to any document request, or any subpart thereof, and any document is not provided on the basis of that assertion, the attorney asserting the privilege shall identify in the objection the nature of the privilege that is being claimed with respect to each such document. If the privilege is being asserted in connection with a claim or defense governed by state law, the attorney asserting the privilege shall indicate the particular privilege rule that is being invoked.

The information as required by the aforementioned rules is identified as follows:
